DCS DENTAL CLAIM SUPPORT

Transform the financial health of your dental business. Scan to book a free, 30-minute consult.

Smart dental professionals use DCS to collect more revenue every month

DCS Credentialing

Enjoy faster approval with DCS Credentialing services:

- Streamline the application process
- Check that required documentation is complete and accurate for timely approval
- Submit applications to multiple payers quickly and easily
- Display credentialing status 24/7
- Re-credential when needed for uninterrupted patient care

DCS Patient Scheduling

Allow patients to fill your schedule with the exact appointment needed. Our solution:

- Displays appointments by provider availability
- Captures patient information and requires insurance information to be provided
- Collects payment information and charges no-show fee if applicable
- Increases show up rate to nearly 100%

DCS Insurance Verification

Receive accurate patient out-of-pocket estimates, timely claim processing, and happy patients. Our RCM experts:

- Complete Standard IV form for all patients for first visit in current calendar year
- Upload form PDF to patient's documents with full writeback into insurance section of PMS
- Run eligibility checks for subsequent visits to ensure patient's plan is active, and provide updated deductible and annual max
- Can create a custom IV form with up to 10 additional questions *(extra charge and contract stipulations)*

DCS Dental Billing

Optimize revenue with claim services that keep up with change. Our RCM experts:

- Submit primary and secondary electronic attachments
- Post all insurance checks and EFTs
- Take proper adjustments
- Correct missing patient information
- Appeal denied claims
- Work and analyze insurance aging reports
- Reconcile deposit reports and posted payments
- Set up EFT payments

DCS Oral Surgery Billing

Count on our expert OMS dental and medical billing team. Our RCM experts:

- Collect reimbursement from all available medical and dental benefits
- Understand available code sets and confirm that appropriate codes are selected
- Ensure all supporting documents are attached for successful claims

DCS Patient Billing

Collect patient balances faster with automated patient billing from DCS.

- Issue balance notifications immediately via email or text
- Accept payment from all major credit cards made from any web-connected device
- Follow up automatically with reminders
- Monitor direct deposits and outstanding balances

DCS Special Projects

Harness the power of the DCS team! *Our Special Projects team helps DSOs and emerging groups tackle profitable tasks their team doesn't have time for.*
